## From the ISUAA president

Where did the summer go? Can you believe it's already time for students to return to campus? I know I'm ready for the energy and excitement they always bring along with them. I do, however, wish I'd gotten a couple more things checked off my summer to-do list!

Sadly, during May, we had to make the difficult decision to cancel our traditional June membership meeting. Communication glitches delayed the arrival of the newsletter advertising the event, which also included the reservation form, making planning impossible. I apologize for the confusion that it all caused, and I am looking forward to our September meeting and a chance to connect with Interim President Aondover Tarhule. I hope you'll plan to join us. Details are at the end of the newsletter.

It's been a busy summer for both ISUAA and SUAA. The June SUAA meeting in Springfield was attended by our delegates Larry Alferink, Laura Alferink, Jan Cook, and Neil Gridley. I felt good knowing the team representing and voting for us included experienced members knowledgeable about the issues. Current legislation has strong implications for our individual futures. Staying informed and current is more vital now than ever before.

Speaking of which, are you reading the SUAA Mini Briefings that arrive regularly in your email? It truly is the easiest way to stay informed. We are fortunate to have Linda Brookhart as our executive director for the State Universities Annuitants Association in Springfield. Linda meets with our legislatures, attends networking events (and actually networks while she's there...), and attends open sessions all the while keeping her ears and eyes open gathering information. She then takes that information and turns it into the short, easy-to-understand opening section of the SUAA Mini Briefing. Then, she breaks it all down into specific legislative bills and concerns—all to make sure our pensions and benefits are safe. I know sometimes when it arrives in my email, I do a little sigh and think I just don't have the time. But then I remember all the work Linda and her team put into that briefing and dive in. The next time one shows up, move passed your sigh and try diving in. You'll be hooked. And informed!

So many changes taking place on campus right now. Parking is going (largely) tagless. Bone Student Center has a new university bookstore—the Redbird Spirit Shop. The Wonsook Kim College of Fine Arts construction is moving ahead. The new Canvas registration and grading system is live, while Reggie Net is getting put to bed. It's an exciting time on campus! ISUAA wants to help you stay connected and informed. We're moving toward a more active web presence so we can keep you informed on a timelier basis. We're at a perfect place to reassess our communication systems, with you at the heart of it. Stay tuned because...

It's always a great day to be a Redbird!

Enjoy all that comes with fall!

## How time flies

### 150 years ago – 1873

Before Angeline Vernon Milner, a “chief librarian” managed the loan and use of a small Reference Library for the campus. Along with the chief librarian, there were three assistant librarians, all of whom were responsible for the care and use of the materials. In lieu of the chief librarian, who had “school duties,” the assistant librarians primarily oversaw the use of the materials in the Reference Library. When patrons requested use of the materials, “every person consulting a book writes his name in a blank book kept for the purpose, and the attendant librarian enters opposite to it the name of the book he desires to consult.” While the board allowed for \$50 to pay for library salaries, ISNU paid the chief librarian \$100 a year and \$5 per term to each assistant librarian. President Edwards argued this amount was not nearly enough: “I do not think it possible to secure the right performance of the duty for less than the sum first named.”

*Proceedings of the Board of Education of the State of Illinois, Meeting Minutes, June 25 and 26, 1873, pg. 6.*

### 100 years ago – Sept.-Oct. 1923

- The Jesters, the ISNU dramatic club founded in 1910, announced a special meeting to elect officers for the group. To be a member of the Jesters, a student of either ISNU or University High School must try out and be selected for the annual Jester play performed at Homecoming. Potential members can also have performed in a play at ISU or University High School. Once the show is complete, actors are then elected by the Jesters into the club. *The Vidette*, September 8, 1923 (Vol. 36, No. 1, pg. 2).
- Librarian Angeline Vernon Milner set out a new plan for borrowing periodicals from the library: “The latest number of the monthly *Current History* and the weekly *Literary Digest* are to be kept in the reading room until after 9 p.m. The current numbers of all other magazines are to be given out at 5 p.m. if wanted then. All will be due before 8:30 a.m. and should be returned as near 8 a.m. as possible for the accommodation of other readers.” *The Vidette*, October 3, 1923 (Vol. 36, No. 4, pg. 2).
- The third annual Homecoming took place on October 26–27, 1923. The main events were football games between University High and Normal Community High and ISNU and Blackburn College. The popular waffle breakfast returned along with a Hobo parade, club meeting lunches and dinners, and the all-school party and dance from 8:30 p.m. to 11 p.m. at both the gymnasium and Fell Hall. *The Vidette*, October 10, 1923 (Vol. 36, No. 5, pg. 1).

### 75 years ago – Aug.-Oct. 1948

- With the recent passage of Public Law 796 and signed by President Truman, the transfer of ownership of Cardinal Court to the state of Illinois and ISNU was imminent. While ISNU did not need to pay the federal government for

the buildings, preference for unit rentals to veterans would continue. At the time, all 85 apartments were occupied with a waiting list. *The Vidette*, August 4, 1948 (Vol. 61, No. 5, pg. 1).

- Incoming students were invited to the first annual Tomato Festival, sponsored by the Normal Chamber of Commerce. The festival highlighted “the fame of Normal as the major tomato packing area in Illinois” and offered a football game, cooking demos, and a soapbox derby. A dance was also offered at 9:30 “so that students might attend the annual church parties held earlier that evening.” *The Vidette*, September 14, 1948 (Vol. 61, No. 8, pg. 2).
- The 27th annual Homecoming was held on October 21–23, 1948, and featured several alumni gatherings, dances, parades, and the annual football game. *The Vidette* reviewed past homecomings with the headline, “Annual Reunion Recalls Decade of Two-Bit Steaks.” *The Vidette*, October 21, 1948 (Vol. 61, No. 13, pg. 1).

### 50 years ago – Aug.-Oct. 1973

- Roar Schaad, an instructor who taught an introductory course in electronic music, was set to perform “A Multi-Media Experience” on August 8, 1973, in Centennial East. In one piece titled “Ruud Awakening,” Schaad planned to “feature several alarm clocks placed around the recital hall, each set to ring at given times.” *The Vidette*, August 3, 1973 (Vol. 86, No. 14, pg. 7).
- Two ISU students moved into the recently vacated presidential house, known as the University Residence. The newly married couple was tasked with maintaining the residence “and be responsible for its upkeep and security.” Mr. John Betsche and his spouse deemed the offer “fantastic” and “quite a step up” from Hewett Hall, where Mrs. Betsche lived the year prior. *The Vidette*, September 5, 1973 (Vol. 86, No. 21, pg. 3).
- The year’s first ISU Theatre Department production, *The Importance of Being Earnest* was announced. Planned for a two-week run, the show opened in the Westoff Theatre on October 11 and ran until October 20. *The Vidette*, October 10, 1973 (Vol. 86, No. 41, pg. 5).

### 25 years ago – Sept.-Oct. 1998

- The E-Mail Express opened on the first floor of the Bone Student Center. David Greenfield, director of Computer User Services, hoped to expand the program to multiple campus locations so the ISU community has multiple access points to the newly established email system. *The Daily Vidette*, September 11, 1998 (Vol. 111, No. 22, pg. 3).
- Though campus coffee choices were limited to dining halls, *The Daily Vidette* offered a list of local coffee house establishments within walking distance of the Quad. The Coffeehouse Deli on Beaufort (the only roasting house in Central Illinois), Life’s Little Perks on Kingsley behind Atkin-Colby (open until midnight with live music), and Bagelman’s on Main Street (fresh baked goods daily). *The Daily Vidette*, September 16, 1998 (Vol. 111, No. 25, pg. 3).
- ISU alum Albert Pizzamiglio, also known as Al Pierson, was honored on October 21 and recognized for his achievements in music. Then director of the Guy Lombardo Royal Canadi-

ans Big Band, Pierson attended ISNU and graduated in 1954 before becoming a music teacher. Pierson was a member of Glee Club, Blackfriars, and concert bands before forming his own band, the Al Pizzamiglio (Pierson) Band. *The Daily Vidette*, October 23, 1998 (Vol. 111, No. 51, pg. 3).

## Half Century Club reunion to be held at Homecoming 2023

This fall, Illinois State will celebrate Homecoming: Redbirds Reign, October 9-15, 2023. There are many must-do activities, with Saturday the most action-packed day of the week-long celebration.

One well-known program that will be celebrated at this year's Homecoming will be the Half Century Club reunion and induction ceremony. Graduates from the Class of 1973 will celebrate their 50th class reunion on Friday, October 13, and Saturday, October 14, during the annual Half Century Club event. A variety of activities will take place across campus, including tours, dinner, Homecoming parade, tailgating, time to reminisce, and a special induction for the Class of 1973.

Members of the classes of 1968, 1963, 1958, 1953, and 1948 who will be celebrating their 55th, 60th, 65th, 70th, and 75th reunions will be honored and receive a special recognition gift.

The annual program gives alumni an opportunity to catch up with classmates, make new acquaintances, participate in exclusive behind-the-scenes tours, and learn what's new at Illinois State. The events are not exclusive to graduates of the honored years. Any alumnus or friend of the University is invited to attend any or all of the Half Century Club activities. Those interested in more information or looking to register can visit [IllinoisState.edu/HalfCentury](https://IllinoisState.edu/HalfCentury).

Updated information and announcements will be available at [Homecoming.IllinoisState.edu](https://Homecoming.IllinoisState.edu).

golf and social events. Friends of the TeeBirds are also welcome as members. If you are not related to ISU in some way, any member can sponsor you.

The group's home course is Illinois State University's Weibring Golf Club, but we mix in other area courses for variety including Ironwood, Prairie Vista, and others. Weekly play alternates between individual scoring and various scramble formats. We plan events to appeal to golfers at all ability levels. The annual membership fee is \$15. Members are welcome to play any Thursday as your schedule and health permits. Some members continue on for 18 holes on our play days.

We welcome golfers of all ability levels. No one has become eligible for the Champions Tour (yet—there is always hope), but our goal is fellowship, fresh air, and a good time. We schedule a nice mix of social events among our golf play times. Feel free to come join us any time during the season up through September. Just check our website play schedule for the time and course, and show up or send an email to [dwilliam@IllinoisState.edu](mailto:dwilliam@IllinoisState.edu). We will work you in.

Check out our website at [isuteebirds.net](http://isuteebirds.net) or contact membership coordinator Chuck McGuire at [crmogui@IllinoisState.edu](mailto:crmogui@IllinoisState.edu) for more information. Come join and give us a try!

## Helping Hamper

By Jan Cook

Our fall Helping Hamper theme is going to be "Clean Up Your Mouth!" When you come to the fall breakfast, be sure to bring some toothpaste. Or maybe some mouthwash, toothbrushes, or other dental supplies. The School Street Food Pantry relies on the generosity of our campus community to keep our students in need healthy and fed. Of course, cash or checks are always appreciated any time. Sending a check directly to the pantry? Please write ISUAA Member on the memo line so we can track our membership totals.

## The ISU University Club

Bob Preston and Kay Wilson

**University Club discussion hours:** The University Club is the only Illinois State University social organization open to all faculty, staff, administrative professionals, retirees, and ISUAA members. You are cordially invited to join us online or in-person (when that becomes possible) for any or all of our programs. You need not be a Univer-

sity Club member to attend. We meet during the fall and spring semesters during the academic year. The University Club promotes collegiality among our diverse faculty, staff, administrative professionals, and annuitants. We always endeavor to sustain and promote ongoing open and free communication in this community and to support the finest ideals of education and academic life.

## Campus bookstores rebranded to Redbird Spirit Shop

By Dani Schroeder

Beginning Monday, June 5, the bookstore located in the Bone Student Center and The Alamo II, located at 318 W. North St., was rebranded as the Redbird Spirit Shop. This new one-store, two-location model creates a seamless shopping experience for Illinois State University students and their parents, faculty and staff, alumni, and Redbird fans. The Redbird Spirit Shop continues to provide a vast selection of Redbird apparel and merchandise, textbooks, and course materials.

The two locations are now referred to as "Redbird Spirit Shop on North Street" and "Redbird Spirit Shop in the Bone Student Center." Redbird students, alumni, fans, and community members are encouraged to visit the bookstores and shop at both convenient locations.

The Redbird Spirit Shop also has a one-stop website, [Redbird-SpiritShop.com](http://Redbird-SpiritShop.com), where Redbirds can shop online from anywhere. Illinois State students will also continue to be able to purchase and rent textbooks and course materials in-store and online, with options to pick them up at either location or have items shipped to an address of their choice.

Check out the new Redbird Spirit Shop online or in person and be sure to gear up for another school year and show off your Redbird pride!

## Thank you to the Alferinks

By Barb Dallinger

After many years of service, Larry and Laura Alferink have made the decision to step away from their leadership roles in SUAA and ISUAA. A simple thank you seems so inadequate.

## Retiree information hotline

Have a question? Need an answer? Don't know whom to contact? Call (309) 438-4311, the phone line answered by Human Resources just for retirees and surviving spouses. Staff will either direct you to the needed resource or take your name and number and have someone follow up with you.

Laura has been my right-hand, taking charge of event and room reservation details with an incredible sense of responsibility. Always at least three steps ahead of me, she saved the day more often than you'll ever realize. Larry has been a true mentor guiding me through this ISUAA journey with care, while sharing his tremendous knowledge and historical perspective. He has served us well at state-level offices, along with our campus chapter.

I recently began my new journey as a member of the SUAA Board of Directors representing Region 2—Universities (as opposed to Region 2—Community Colleges). I sailed through that first meeting only because Larry encouraged me to run, prepped me for possible scenarios, and filled my notebook with history. I know moving to this next level was made possible only through his guidance.

While they will be missed, I have been assured they're only a phone call away should I need anything. And, of course, they'll still be around as ISUAA members at our events. State and local board meetings and connecting with our legislators has been removed from their plates, opening well-deserved time to travel and enjoy life together. Huge thanks and best wishes to them both!

### Interim President Tarhule to speak at Fall Breakfast

Please join us on Wednesday, September 6, at the Alumni Center as we eat breakfast with Interim President Aondover Tarhule. He will share university updates, followed by a question/answer period. Come with questions ready and invite others to join you. This annual event is one of your benefits of ISUAA Membership. You won't want to miss it!

### SUAA mission statement

The State Universities Annuitants Association (SUAA) provides the framework for a unified message dedicated to preserving and protecting a strong public pension system, healthcare benefits, higher education, and the general well-being of its membership.

SUAA advocates on behalf of all faculty and staff of public universities and community colleges - both retired and current employees - their spouses and survivors, who are participants and beneficiaries of the State Universities Retirement System.

### SUAA vs. SURS

Have you ever wondered what the difference was between SURS and SUAA?

SURS (State Universities Retirement System) administers benefits for the “public employee retirement system that provides retirement, survivor, disability, and death benefits for employees of Illinois state universities, community colleges, and certain other affiliated organizations and agencies.” [SURS.org](http://SURS.org)

SUAA (State Universities Annuitants Association) advocates for the protection of these benefits. [SUAA.org](http://SUAA.org)

SUAA actively advocates to preserve and protect higher education, the SURS pension system, the healthcare plans, and other benefits provided for community college and university employees and retirees, their spouses, and survivors. SUAA is not a union.

SUAA is the only advocacy organization that focuses solely on protecting benefits for all SURS members and beneficiaries. In addition, SUAA works closely with SURS to educate employees about benefit changes resulting from recent legislation.

## Office of Parking and Transportation changes for the 2023-24 academic year

- The Office of Parking and Transportation is implementing license plate recognition (LPR) to enforce permit requirements in the fall 2023 semester. Students will be limited to one license plate/vehicle to assign to their permit. Faculty and staff may enter more than one license plate/vehicle to assign to their permit.
- Most individuals will no longer be issued a physical permit. Instead, a virtual parking permission will be tied to your license plate. It is extremely important to correctly enter your license plate information and select that license plate during the purchase process. License plate entry requirements can be found on the parking website under the “parking” tab. View the information on LPR to find the requirements. You can edit an existing plate utilizing the portal (“pay citations/manage account”). If you need assistance, please contact our office. The following permits will still require a physical permit to be displayed: Reserved Space, Laboratory School, Departmental and Vendor Business, Guest, Board of Trustees, and Motorcycle.
- Permit effective dates are changing. Permits are now valid from August 1 to July 31 annually.

## Illinois State University raises more than \$34 million during fiscal year 2023

By Emily Deppermann

Illinois State University raised more than \$34 million in private support during the 2023 fiscal year that ended on June 30, 2023. This is the second time Illinois State has raised more than \$30 million without an eight-figure gift commitment.

“The private support Illinois State University receives from do-

nors continues to be a point of pride for the University,” said Interim President Aondover Tarhule. “Donor support allows the University to continue to grow and engage our students, faculty, and staff on campus. We are incredibly grateful for donors’ continued dedication to strengthening Illinois State University.”

Scholarship support is a key component of student success and retention. Donors established 76 new scholarships during fiscal year 2023, increasing Illinois State’s endowed funds under management to 1,746. This fiscal year, a total of 3,350 scholarships were awarded to students.

One scholarship recipient impacted by the generosity of donors is fashion and merchandising major Ali Scace. Scace, originally from the St. Louis area, came to Illinois State to pursue her creative passion for clothing. With the help of scholarships, Scace was able to focus more on her studies.

“Scholarship support gave me the confidence I needed to tackle school. I cannot put into words how grateful I am for the scholarship support I received,” said Scace. “I will never forget the generosity I was shown. It truly impacted my life in such a positive way.”

Fashion and merchandising major Ali Scace

Members of the Illinois State community became philanthropists when they gave during the fifth annual Birds Give Back in February. Redbird alumni, faculty, staff, students, and friends came together to raise \$1,031,225 from a record number of 4,439 individual gifts in just 24 hours on February 23.

During fiscal year 2023, the University also partnered with UNITE, a training, consulting, and technology company, to drive business engagement and increase collaboration. These strategic corporate partnerships and matching gifts also drove Illinois State University’s fundraising success.

With careful management by the Illinois State University Foundation Board of Directors, the University’s endowment grew during fiscal year 2023. The endowment is now valued at more than \$204 million. Chair of the Illinois State University Foundation Board of Directors Eric Burwell ’90 said the steady rise of the endowment is a continued strength of the University.

“The endowment is a source of strength for the University and allows donors’ contributions to sustain the University’s needs,” Burwell said. “These resources enable the University to flourish and thrive now and for future generations of Redbirds.”

“The continued growth in donor support showcases the impact and quality of education and experiences that our donors, alumni, and friends experience at Illinois State University,” said University Advancement Vice President Pat Vickerman. “Illinois State’s dedication to the development and success of the ISU family is reflected in the commitment donors make to ensure the University continues to advance and succeed.”
