ISUAAA—serving annuitants and survivors since 1971

Ewing Castle: A Community Resource

Davis and Hazle Buck Ewing: A Bloomington Family

Davis Ewing was born in 1876 in Bloomington, Illinois, to a prominent family. His father James Stevenson Ewing was the first cousin and law partner of Adlai Ewing Stevenson I. While Vice President, Mr. Stevenson appointed Mr. Ewing as minister of Belgium from the United States from 1893-1897.

In 1899, Ewing started the Davis Ewing Concrete Company in Bloomington laying the first streets and sidewalks. Ewing invented and patented the 100-year farm post, concrete corn cribs, and concrete blocks. Ewing's company ultimately was organized as the Permanent Products Company, with the main office located in Chicago.

Hazle Buck was born in Cleveland, Ohio, to O.J. and Lillian Brewer Buck. Mr. Buck, president of the Cleveland Paint and Rubber Company, was transferred to the Chicago office soon after Hazle's birth. Soon after moving to Chicago, Mr. Buck became a partner of William Wrigley, owning 49.5 percent of Wrigley Chewing Gum. Hazle attended the University of Deland, Florida, and later the University of Chicago, where she received a bachelor's degree in philosophy in 1902.

Davis and Hazle are thought to have met at a Christian Science meeting in Chicago. They shared an interest in Christian Science and world travel. They were married in a quiet ceremony at the bride's parents' home in Chicago on October 22, 1907.

After a honeymoon in the Western part of the United States, Davis brought Hazle to his childhood home of Bloomington to live in a small cottage on North East Street. As his business grew, the Ewings moved to a larger home at 1522 E. Olive St., where they lived for over 20 years.

During the first 24 years of their marriage, the couple adopted Ralph Nelson Ewing and raised Nelson Ewing (Sonny) as their son. The Ewings also traveled extensively, going to Cuba and South America in 1917 and on a world tour from August 1924 to September 1925, taking 17-year-old Ralph with them.

Hazle became active in many causes including the Women's Suffrage Movement. She believed that women should have a say in local, state, and federal government. Hazle wrote letters to influential members of state and federal governing parties. She also marched on Washington, D.C., to support the movement.

Hazle passionately supported many other causes, many of those growing out of the world tour she and Davis had taken. She acknowledged many times throughout her life that the tour changed her view of the world. Hazle began a lifetime goal of achieving world peace. As a local philanthropist, she supported causes that benefited women, children, animals, and the conservation of prairie lands.

Sunset Hill

On March 1, 1928 the Ewings broke ground to build their home, Sunset Hill. Completed in September of 1929, the manor is divided into three distinct sections: a residential wing, stables, and the garage.

The architectural design is called Channel-Norman style, seen primarily in France and England. This style of architecture allowed windows to be placed on both sides of the building to maximize light and make use of natural cross-breezes to cool the manor. The Ewings took photos on their world tour of homes they favored so as to capture features they desired in their new home. The Pillsbury firm in Bloomington was engaged as the architects, with Phil Hooten, a friend of the Ewings, assigned as the architect.

The materials used to build the manor include Wisconsin and Joliet limestone, hand-hewn cypress, brick, and custom iron work.

Soon after the Ewings moved into Sunset Hill, Davis and Hazle Buck Ewing separated, divorcing in 1931. Hazle lived at Sunset Hill the remainder of her life, passing away in her beloved home in 1969.

One of Hazle Buck Ewing's greatest gifts was leaving her home Sunset Hill to the Illinois State University Foundation to be used as a cultural center for the University and the community. Business retreats, the Illinois Shakespeare Festival, weddings, and seasonal events are only a few of the activities that take place on the grounds and in the Genevieve Green Gardens. Visit the Ewing Cultural Center website to see a list of activities EwingManor.IllinoisState.edu.

Consider an electronic newsletter

Please give some thought to receiving your newsletter through email. You will save the organization postage and printing costs, and you will receive your newsletter several days earlier.

Recently we had some mail delivery issues. We use bulk mailing, which provides few guarantees on delivery dates. This presents real problems when we have deadlines, such as for luncheon reservations. We can control when you receive the email version; we cannot control the mail.

To receive the newsletter electronically, email Chuck at crmogui@IllinoisState.edu and indicate you want to receive it by email or send the following to ISUAA, Campus Box 8000, Illinois State University, Normal, IL 61790-8000;

President's message

First, thanks once again to TechZone for its sponsorship of this newsletter. TechZone and the wonderfully helpful people who work there are good friends of ISUAA and all ISU retirees. This newsletter begins an occasional feature highlighting an aspect of ISU. The feature this month provides an in-depth look at Ewing Manor. These features will occur as space permits. Your suggestions for future features are welcome and encouraged.

Once again, there is good news and bad news. The good news, nothing is happening in Springfield. The bad news is also that nothing is happening in Springfield.

The budget stalemate obviously affects us all. Obviously the fact that the legislature and the governor can't get together means that there are no attempts to change our pensions in the pipeline (although there are ideas floating around, of course). But the fact that there is no budget affects every citizen, and especially those of us who cherish our relationship with Illinois State University and with higher education in general. The ISU administration has done an admirable job in managing this crisis, but ultimately it will affect those who are still employed and will finally harm that most precious of assets, our students. It is a real shame what is happening to public higher education in Illinois, and for that matter, throughout the country.

In the same vein, please take a look at the article "Have I got a Deal for You." It seems that the governor's office has yet another scheme regarding our pensions. This one is voluntary, and in isolated cases, may even make sense to individual retirees. But **please** be careful, and if in doubt, contact a trusted and competent financial adviser.

Back to happier stuff! The ISU Madrigals returned again to our Winter Luncheon, and as always, provided a great introduction to the holiday season. The Madrigals have performed for us for several years, and many of us look forward to their work. Thanks to Karyl Carlson and to the outstanding young people who make up the ISU Madrigals.

Finally, we are extremely fortunate to have secured Andrew Matthews, the new COO of SURS, as our speaker at the Spring Luncheon on March 2. Be sure to get your reservations in by February 22!

Chuck McGuire, President, ISUAA

How time flies

By April Karlene Anderson

University Archivist, Dr. Jo Ann Rayfield Archives at Illinois State University

150 years ago—1865

- Kersey H. Fell, brother to Jesse W. Fell, member of the Board of Education and member of the Board's Committee on Buildings and Grounds, reported on the work performed on the University Building (now known as Old Main). Though the building was only five years old, it required painting to the exterior walls, roof repairs, and "have also had the chimneys repaired, and one of them taken down and rebuilt." The total cost for the repairs and labor was \$1,336.31 which also included shipping of materials from St. Louis. It was also decided that Jesse W. Fell would be responsible "for superintending the setting out of trees and shrubbery, in Normal University Grounds." Proceedings of the Board of Education of the State of Illinois, Meeting Minutes, December 20, 1865, pg 12-13.

100 years ago—November/December 1915

- Former US President William Howard Taft delivered a speech to the ISNU community on Saturday, November 29, 1915. His speech was titled, "Our National Defenses, What They Are and What They Ought to Be". *The Vidette*, November 3, 1915 (Vol. 28, No. 9, page 1).
- The Science Club met for their first meeting of the new term on December 14, 1915 to discuss the differences in the cost of electricity versus gas. Students carried out various experiments with gas and electric household appliances such as an iron, an oven, and a gas light versus an electrical light. The group observed that the electric appliances were all more expensive to use. One member's conclusion was that electric was inferior to gas while others dismissed running a household on electricity due to the \$0.15 per kilowatt hour cost. *The Vidette*, December 15, 1915 (Vol. 28, No. 15, page 1).

75 years ago—November/December 1940

- The ISNU and Wesleyan marching bands held a 'burying the hatchet' ceremony before that weekend's rivalry football game. The bands assembled on the ISNU football field and played songs such as the "National Emblem March," "Funeral March," and later "Happy Days Are Here Again." After a large hatchet was lowered into a black coffin at mid-field, both sides played their school songs and left the ceremony "quite cheerfully." *The Vidette*, November 26, 1940 (Vol. 53, No. 18, page 1).
- Dean O. Lillian Baron, ISNU Dean for Women, was given recognition by the Illinois Association of Deans of Women at a banquet held November 29, 1940. The group recognized Barton for her then 29 years of service to the ISNU campus community. *The Vidette*, December 3, 1940 (Vol. 53, No. 20, page 1).

- Milner Library hosted an exhibit of work by Hurlstone Fairchild, brother of then president Raymond Fairchild. Trained as an engineer, Hurlstone Fairchild became fascinated with the American West and began painting desert scenes. His work became well-known in the art community and he was advised by critics to not take an art class as it would diminish the originality of his work. *The Vidette*, December 13, 1940 (Vol. 53, No. 23, page 3).

50 years ago—November/December 1965

- A group of ISU students won the Top Honors award at the Grand National Cattle Judging Contest. Three agriculture majors, one math major, and assistant professor of agriculture, Dr. Clarence Moore, took home the prize along with several individual awards. *The Vidette*, November 4, 1965 (Vol. 78, No. 19, page 1).
- A new sculpture was hung on the west entrance wall to Schroeder Hall. Commissioned by the ISU Class of 1965, ISU art professor James Wozniak conceived of the design and created it using clay, gravel, epoxy resin, and fiberglass. *The Vidette*, November 11, 1965 (Vol. 78, No. 21, page 1).
- A rise in on-campus student living is seen in the Fall 1965 term. Approximately 4,205 of the enrolled 8,643 student body resided in one of the handful of campus dorms. The 885 student increase was likely due to the new dorms—Wright Hall and Haynie Hall – opening the year prior. *The Vidette*, December 9, 1965 (Vol. 78, No. 27, page 4).

25 years ago—November/December 1990

- The 10,000 Maniacs performed Thursday, November 1, 1990 at Braden Auditorium. At the end of the concert, lead singer Natalie Merchant publically thanked Pi Beta Phi for allowing her to practice in their living room. *The Daily Vidette*, November 5, 1990 (Vol. 103, No. 60, pages 1, 16).
- Marcia Escott was awarded the Professional Continuing Educator Award in Region IV for her work in creating and developing adult education programing. At the time, Escott was the Director of Adult Learning in the College of Continuing Education and Public Service. *The Daily Vidette*, November 8, 1990 (Vol. 103, No. 63, page 5).
- The University Galleries held a student art show called the 1990 ISU Graduate Student Biennial. The show featured 45 pieces of art that included, "paintings drawings, sculptures, ceramics, photographs, designs, metals, fibers and glass." President Wallace chose two of the works to be donated as holiday greetings for the university. *The Daily Vidette*, November 19, 1990 (Vol. 103, No. 70, page 11).

The ISU University Club Spring semester 2016 events

Kay Wilson and Bob Preston

University Club Discussion Hours: Please accept an open invitation to join us at our University Club discussions on Fridays from 3:30 to 5:30 p.m. in the Faculty Staff Commons in the Bone Student Center. At 4:30 p.m. our speakers begin, so you may come at that time if it better fits your schedule. All ISU Faculty, Staff, Administrative Professionals, Retirees, and their guests are invited to join us for any or all of our programs presented in a congenial and informal environment. You need not be a University Club member to attend a meeting, and we always welcome and enjoy chatting with our colleagues from all areas of the University. Please see our website for the currently scheduled talks and other information about the University Club (uClub.IllinoisState.edu).

Gourmet Dinners: Throughout the academic year, U-Club offers two gourmet dinners each semester. These dinners are an opportunity to enjoy fine food with a central theme or food from a particular country. The main dishes are served family-style, and the dinner includes wine for each table with coffee, tea, and dessert, all for a reasonable price. Attendees are encouraged to bring guests. The dinners are prepared by the ISU Catering Service Chefs. We gather in the Founders Suite in the Bone Student Center at 6:30 p.m., and dinner is served at 7 p.m. The dates for the Spring Semester are Saturday January 30 (Rustic Northern Italian dinner) and Saturday February 27 (cuisine of Belgium). Reservations are due two weeks in advance of the dinner dates. Please check our website for menus (uClub.IllinoisState.edu/Dinners). An online reservation link and mail-in reservation forms can also be found on that website.

Scholarships Awards: On December 4, 2015 we awarded 10 \$500 scholarships to ISU undergraduate and graduate students who were academically top achievers and who were also involved in giving back to the University and community through service. The funding for these scholarships was provided by independent donations from our members. One of the most satisfying aspects of this program is that our donors get a chance to personally meet and learn about the superb students who are the recipients. We encourage all who are interested in supporting our academically talented and socially engaged students to consider supporting this program in the future.

Mission Statement of the University Club: "The University Club vigorously endeavors to promote collegiality among our diverse faculty, staff, administrative professionals, and annuitants. We seek to support University activities as embodied in the vision and core values outlined in *Educating Illinois*, to learn about and tell the stories of the culture of our academic and town community, and to support and enhance a vigorous exchange of ideas in a congenial environment that encourages friendship, cooperation, and ongoing intellectual growth. Through the generosity and support of our

Retiree information hotline

Have a question? Need an answer? Don't know whom to contact? Call (309) 438-4311, the phone line answered by Human Resources just for retirees and surviving spouses. Staff will either direct you to the needed resource or take your name and number and have someone follow up with you.

State Universities
Annuitants Association

members, we provide a series of scholarships that are awarded to undergraduate and graduate students at Illinois State University. This scholarship program rewards some of the best and brightest students who have contributed to community and University development as well as succeeding at the highest levels academically. We always endeavor to sustain and promote ongoing open and free communication in this community and to support the finest ideals of education and academic life."

Helping hamper

By Jan Cook

Our collection at the Spring Luncheon will benefit the Salvation Army's Safe Harbor Shelter on Washington Street in Bloomington. The shelter provides beds, breakfast, and supper for 35 men and 15 women. They would appreciate coffee, tea, oatmeal, pasta, large cans of vegetables, and fruit. With 50 meals to prepare, they can handle regular or commercial-size packages of supplies. The residents also need lip balm and cough drops to deal with the February weather.

Our December collection for the Loaves and Fishes Soup Kitchen set an ISUAA record, filling the wicker hamper itself and five large cartons. Donations included cash and checks, pasta, pepper and vegetables, mustard, coffee, tea, and fruit, as well as a tube of cleanser for the dishwasher. Makes sense!

We collected 73 Box Tops and 190 Soup Labels for Education for Thomas Metcalf School. The school receives 10 cents for the box tops and uses the labels to order supplies from the Campbell's school catalog. Labels and box tops are on Campbell and Progresso soups, Betty Crocker, Pepperidge Farm, Glad, and Hefty products, and some snacks and cereals. Thank you all!

Technology discounts available for retirees

TechZone, a department of Illinois State University, offers discounts and buying assistance to all members of the University community, including annuitants, on personal computers, tablets, software, peripherals, and supplies. TechZone can help you purchase everything from complete computer systems to printer ink. TechZone offers the flexibility of shopping online from home or working with their staff for personal assistance through the buying process.

TechZone keeps some of the most popular Apple computers, iPads, iPods, and accessories in stock while other models can be customized and ordered online. Major vendor partners include Dell

and Lenovo, as well as numerous other sources for peripherals. All vendors meet high standards for competitive pricing, quality products, customer service, warranty, and repair.

To shop online, visit TechZone.IllinoisState.edu. An active University Login ID (ULID) and password are required. For more information, send an email to TechZone@IllinoisState.edu or call (309) 438- 8334 if you don't have an active ULID/password. On the webpage, you can like the TechZone Facebook page or follow it on Twitter for the latest tech news and deals.

Hours for the TechZone Sales Center, which is on the second floor of the Bone Student Center across from Barnes & Noble, can be found on the website. The Service Center also has a walk-up counter for basic tech questions and on-site Apple, HP, Dell, and Lenovo hardware warranty repairs. Stop by if you need assistance.

“Have I got a deal for you!”

The governor's office has talked about a proposed “Tier III pension system.” The outline of this proposal is that retirees would be offered a lump sum of money to buy out their Tier I pension to be placed in an investment vehicle such as a 401k or a 403b account. Such plans shift the risk of you living a long time and receiving a pension for an above average life, from the state to you. There is a possibility that calls may be made from the governor's office, or from another state agency, at some point making you such an offer. If that were to occur, be very careful before you agree to accept such an offer. In most instances, it will likely benefit the state rather than you. While we cannot offer individual advice, there are circumstances where it might make sense to accept such an offer (e.g., failing health), a significant number of individuals outlive their assets in a 401k or similar investment vehicle for a variety of circumstances. You can never outlive your current state pension. If you have questions, do not make a decision until you consult a financial adviser.

Spring Luncheon

We are delighted that our keynote speaker for the March 2 luncheon is Andrew Matthews, the new Chief Operating Officer for SURS!

He will be updating us on SURS work and initiatives, the budget situation, and pensions, as well as be available for your questions and discussion. Andrew was elected to the SURS Board of Trustees in 2012 and accepted this new position in April of 2015.

Andrew is one of our own—a true Redbird. He is a graduate of University High School and earned bachelor's and master's degrees from ISU. He also served in the Navy as a nuclear chemist for five years. Most recently, he taught at ISU for three years in the School of Communication and then five years in Politics and Government. Please join us to welcome Andrew to his new position and to learn about the current state of affairs with SURS.

Our Spring Luncheon will feature either lasagna or vegan portobello and risotto stack. The price is \$17 per person. **Please submit the attached reservation from no later than February 22.**

Invite a friend to lunch

As our Spring Luncheon approaches, consider inviting a friend to join you at the luncheon. There are thousands of ISU retirees (or future retirees) who would enjoy the fellowship of ISUAA and enjoy the luncheon and the information provided by Andrew Matthews from SURS.

The luncheon is NOT restricted to ISUAA members. We welcome anyone, especially those who have retired (or who WILL retire from ISU). And, while they are at the luncheon, perhaps they will consider becoming a member, if they are currently not a member of ISUAA.

And finally, it is NOT necessary to be retired to join ISUAA. ISUAA is open to all members of SURS, including current employees.

Surviving spouse? Need an ISU parking permit?

Are you a surviving spouse or partner? Do you need to park occasionally on ISU's campus? Are you aware that you are eligible to obtain a free retiree hang tag that allows you to park in the lot at Bone Student Center or in other lots on campus at no cost?

If you do not have such a hang tag and would like to obtain one, there are three steps you need to follow. First call Human Resources at (309) 438-8311 and tell them you are a surviving spouse and that you'd like to obtain a Redbird Card and need a ULID. Second, once you have the ULID, you will need to go in person to the Redbird Card Office on the second floor of Bone Student Center and obtain the card. Third, once you have the card, you will need to go to Parking Services located at 709 N. Main St. in Normal.

In addition to allowing you to obtain a parking tag, the Redbird card can also be used to check out books from Milner Library, obtain discounts at College of Fine Arts productions, and other benefits.

Teebirds open to all annuitants

Believe it or not, golf season is getting close! ISUTeebirds are retired faculty/staff members (or spouses/significant others) who meet on Thursday mornings for nine holes of golf. The group's home course is Illinois State University's Weibring Golf Club, but we sprinkle in other area courses for variety. Weekly play alternates between individual scoring and scrambles. Do you like to play 18? Usually a number of players opt to go the second nine! The first date of play is in early May. Play continues weekly until mid-October. The group also has monthly lunches or coffees. For more information, visit isuteebirds.net, or contact Dave Williams at davedbw@fastmail.us, or Pat Grogg at pgrogg@IllinoisState.edu.

Retiring? Time to submit new membership form

For those employees who are retiring in the near future and who pay their ISUAA/SUAA dues through payroll deduction, it is important to remember that you will need to complete a new membership form arranging for your dues to be deducted by SURS rather than Illinois State University's payroll. If you submit your new membership form before you retire, your first dues payment will likely be deducted from your second pension check. The membership form is available at Annuitants.IllinoisState.edu/Downloads/EmployeeMembership.pdf. Thank you for your continued support!
